

Music Theatre Australia in partnership with Creativity Australia present

# Team Building, Leadership, Brainstorming and Training Programs

## what is it?

Creativity Australia together with Music Theatre Australia are delighted to offer a diverse suite of exciting creative programs that will facilitate unique, creative experiences, executive leadership, training, and break-outs during conferences, retreats and board meetings. Our programs can add an important dimension to the development and recognition of high performing teams and creative-thinking individuals. These programs are custom designed to ensure everyone steps out of their comfort zones and participates, learns and grows together. They are interactive, creative, fun and inspirational. Designed to create ultimate brainstorming power and unlock innovation potential.

## what's in it for you?

- inspire creativity and foster innovation
- challenge, engage and motivate your people and teams
- improve self esteem and company morale
- increase focus, thereby reduce stress
- improve communication between business units
- help build teams post-merger or restructure
- energise and add variety to a conference or other meeting program
- recognise and reward top performers or a specific department or group

# what do we offer?

## FIND YOUR VOICE

Super diva, voice teacher, speaker and performer Tania de Jong AM will help participants to find and free their natural voice in this inspiring workshop for anybody who needs to communicate and present more effectively. This is a brilliant team building activity designed to heighten wellbeing, creativity, emotional expression and self awareness. Make your presence felt through sound and hear yourself become a leader.

## CORPORATE STORYTELLER

In this fascinating and evocative session, you will learn how to truly engage, compel and inspire your audience through the mode of storytelling. This workshop is all about finding your motivation through creative techniques while remaining focused on business relevance and outcomes.

## KILLER INNOVATION

Let us help you think differently (and more effectively) using some of the most effective and rewarding creative thinking techniques from around the world.

## BATTLE OF CHOIRS

Break your team into 2 or 3 groups, learn some breathing and singing techniques, start singing in harmony and then sing-off against one another. This is a brilliant team building activity improving self awareness and communication, shifting employees out of their comfort zone into a creative space.

## INNER ARTIST

Programs including charcoal drawing, painting, sculpture, group artworks, and you can even create your own company art exhibition.

## THE JUGGLING ACT

Juggling is a great way to stimulate and focus your team, increasing hand-eye coordination and balance/perception skills. Juggling is a great way to wake up and stimulate your delegates. They will have lots of fun, become more focused and ultimately help your company to achieve!

## SONG STAR

Let your group write their own song, create their own lyrics and tunes with composers and then record them.

## FREE YOUR BODY

Movement and creative dance incorporating a variety of styles designed to free your body and mind.

## DRAMA QUEEN

Got an issue at work? Bring it into a drama queen workshop and find lots of ways to solve your big and small issues.

## LOST FOR WORDS

Creative writing and storytelling that will enable you to be more productive in all your writing and ensure you overcome "writer's block".

## PERCUSSION DISCUSSION

Drumming and a range of other percussion instruments come together in a rhythmic group activity - proven and effective to bring together teams and find your inner rhythm. Participants enjoy greater freedom of expression, improve confidence and to basically have fun!

## MIND SPA

One on one creative thinking and leadership/innovation skills with experts in the field.

## FOOD GLORIOUS FOOD

Whip up a wicked meal....a cooking experience to titillate your taste buds and bring your team into delicious alignment or compete to create the dish of the day.
